## Bespoke solutions. Tailored.

Momenta's reputation has been established through providing our clients with professional solutions for their requirements. At times this requires more than just the right resource.

In order to achieve this, Momenta has created strategic partners across the technology, tracing, asset recovery and litigation fields, amongst others.

Combining these relationships with our professional associates enables us to offer bespoke solutions to clients who may require a more holistic resourcing solution.

From digital transformation to establishing satellite offices with specialised groups of associates, we deliver reassurance and control for a short term requirement or a longer-term change programme.

“Clients consistently return to Momenta, confident that our relationships, people and capability, will always deliver.”

## Knowledge. Technology. Interaction.

Innovation is in our blood. We never stop looking for ways to improve how we plan and deliver, whether through cutting edge technology or management and team development processes.

We understand that we are only as good as our associates, therefore treating them with care and respect as individuals and ensuring they are fully supported in undertaking work for our clients, is of paramount importance to us.

### Momenta People System.

We have developed our own unique and proprietary end-to-end resource portal, an investment now enabling us to source, process and place associates more efficiently and cost effectively.

For our clients, strategic alliance partners, vendors, auditors and associates this delivers the ability to record, track and manage projects, through 1 easy to use portal.

This innovative system reflects our progressive, forward-thinking culture and approach to business as well as our commitment to always delivering the best for both clients and associates.

# Why Momenta?

## Sector specialists

With over 30 years industry experience our clients can be confident that we understand their specific business requirements.

Our teams are constantly acquiring new knowledge, always staying current with industry trends and developments.

## People ecosystem

Constantly populating our ecosystem with hand picked fully vetted professionals ensures our clients have direct access to a diverse resource pool with a broad range of skills.

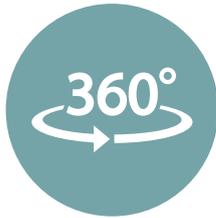

Saving time, delivering fast onboarding, guaranteeing quality and GDPR compliance.

## Offshore capabilities

As a global business we understand the importance of having consistency of skilled resources in teams across the world.

Our operating model is standardised globally to ensure you receive consistent high quality resource solutions wherever you use us.

## Holistic solutions

From placing skilled professionals into your company to providing technological solutions through our strategic partners, Momenta are ready to meet the needs of your business every step of the way.

One company, multiple solutions.

## Accredited quality

As a double ISO accredited provider, Momenta understands that the integrity of contingent professionals is critical given the nature of our clients work.

As a result, we pride ourselves on providing only the most experienced and skilled personnel.

## Cost effective

We charge a flat margin for all our associates no matter the level, qualification, or sector.

Whether for an individual or multiple contingent professionals, the process remains cost effective and transparent for all our clients.

## Don't take it from us. This is what our clients had to say.

“I was really happy with the services Momenta provided. You were very responsive and managed to get the work done in really tight timescales. You selected a good consultant based on our requirements; who spent time with us to ensure she understood who we are as a business and to ensure we got the right result.”

“Our interim PM has been invaluable to the success of the project. His knowledge and experience has helped the firm navigate the complex nature of the programme whilst also managing the various ‘nuts and bolts’ of the project and so ensuring objectives are achieved.”

“Momenta supplied an experienced team of review specialists who have met all of the project requirements and more, delivering timely and right first-time outcomes that have contributed significantly to the overall success of the project.”

“You're light years ahead of your competition because you know what it takes to make change really happen...”

“Momenta have demonstrated their abilities to work alongside a new business concept using its recruitment programme and existing staff structure to build a viable working model. I would have no hesitation in recommending their services to projects operating in the regulated financial services space and beyond.”

“Momenta is unique in the supplier market today by leading with a problem solving attitude. Too many suppliers today state the problems with the resource availability, the difficulty in getting skills, cost pressures, changes in legislation etc. when actually as a customer all I want to hear is “we will help, we can help you solve that” and that is exactly what Momenta provides! Helping solve difficult problems through agility, flexibility, taking action and ownership, as well as transparency on cost is why I chose Momenta.”

“Consistent high quality customer service globally.”
